

Complete Interface Design System

The authoritative visual and interaction design reference for the DealHive platform. Structure, color, typography, components, animations, and page layouts — fully specified for developers and AI agents.

VERSION	DATE	STATUS	REFERENCES
2.0	May 2026	Ready for Development	Zaga + Nova

Table of Contents

- 1. Design Philosophy & Aesthetic Direction** — Core concept, tone, guiding principle
- 2. Color System** — Brand palette, neutrals, semantic colors, deal stage map, gradient
- 3. Typography** — Font stack (Sora + DM Sans + DM Mono), type scale, weight rules
- 4. Layout Architecture** — Overall structure, sidebar, main content, breadcrumb bar, grid
- 5. Sidebar — Full Specification** — Logo, search, navigation groups, project section, footer
- 6. Dashboard Home Page** — Greeting, stats bar, priority banner, schedule, earnings card
- 7. My Deals Page** — Kanban view, list view, filters, new deal modal
- 8. Deal Room Page** — Header, left panel (4 tabs), right panel (3 cards)
- 9. Core Component Specifications** — Buttons, badges, cards, inputs, segmented control, stepper
- 10. Shadow & Border Radius System** — Complete token reference
- 11. Motion & Animation System** — Timing, easing, key animations
- 12. Responsive Behavior** — Breakpoints, mobile nav, adaptive layouts
- 13. Empty States** — All page-specific empty state designs
- 14. What NOT to Build** — Explicit anti-patterns and forbidden choices

DealHive — Complete UI/UX Design Specification v2.0

Merged Reference: Zaga (structure) + Nova (financial layer) For Developers & AI Agents Version 2.0 — May 2026

1. Design Philosophy & Aesthetic Direction

Core Concept

DealHive is a **personal deal operating system** for YouTube creators. It needs to feel like two things simultaneously: a trusted financial tool (because it handles real contracts and real money) and a personal workspace (because creators are solo operators, not enterprise teams).

The design merges two reference aesthetics: - **Zaga** — for structure, layout, personalization, and information hierarchy - **Nova** — for financial depth, color warmth, card-based data presentation, and visual premium

The result is a dashboard that greets you by name, tells you what needs attention today, shows your money clearly, and makes your most urgent deadline impossible to miss.

One Design Principle

"Your business at a glance." A creator should open DealHive and know — within 5 seconds, without clicking anything — how much money they're owed, what's due today, and what needs their action right now.

Tone

Calm, personal, and precise. Not sterile like enterprise software. Not loud like a creator merch store. Think: the tool a successful solo creator built for themselves — organized, warm, and sharply functional.

2. Color System

Primary Brand Palette

```
--color-brand:           #6C63FF /* Primary violet – CTAs, active nav, key numbers */
--color-brand-dark:      #4B44CC /* Hover on brand elements */
--color-brand-light:     #EEEEFF /* Tint backgrounds, selected states */
--color-brand-glow:      rgba(108, 99, 255, 0.18) /* Shadows on brand buttons */
```

Base / Neutral Palette

```
--color-bg:              #F8F8FA /* Page background – off-white, barely tinted */
--color-sidebar-bg:      #FFFFFF /* Sidebar background – pure white */
--color-surface:         #FFFFFF /* Card backgrounds */
--color-surface-2:       #F3F3F7 /* Inset sections, hover backgrounds, alt rows */
--color-border:          #EBEBF0 /* Standard dividers, card borders */
--color-border-strong:    #D4D4E0 /* Focused inputs, stronger separators */
```

Text Palette

```
--color-text-primary:    #111827 /* Headings, amounts, critical info */
--color-text-secondary:  #374151 /* Body text, card titles */
--color-text-muted:      #9CA3AF /* Labels, timestamps, placeholders */
--color-text-faint:      #D1D5DB /* Disabled states, decorative text */
--color-text-inverse:     #FFFFFF /* Text on dark/brand surfaces */
```

Semantic Colors (Status System)

```
--color-success:         #16A34A
--color-success-bg:      #F0FDF4
--color-success-border:  #BBF7D0

--color-warning:         #D97706
--color-warning-bg:      #FFFBEA
--color-warning-border:  #FDE68A

--color-danger:          #DC2626
--color-danger-bg:       #FEE2E2
--color-danger-border:   #FECACA
```

```
--color-info:           #2563EB
--color-info-bg:        #EFF6FF
--color-info-border:    #BFDDBE

--color-neutral:        #6B7280
--color-neutral-bg:     #F9FAFB
--color-neutral-border: #E5E7EB
```

Deal Stage Color Map

```
Negotiating:    #6C63FF (brand violet)
Contracted:     #2563EB (blue)
In Production:  #D97706 (amber)
Draft Submitted: #7C3AED (purple)
Revisions:      #DC2626 (red)
Approved:       #059669 (emerald)
Published:      #16A34A (green)
Payment Pending: #EA580C (orange)
Completed:      #15803D (deep green)
```

Hero Card Gradient (earnings card only)

```
Linear gradient: 135deg
  From: #6C63FF
  Via:  #8B78FF (at 50%)
  To:   #A78BFA
```

Color Rules

- Brand violet touches only: primary CTAs, active nav state, the hero earnings card, progress bar fills, and focused input rings. Never decorative.
- Page background is `--color-bg` (`#F8F8FA`). Never pure white for the page — white is reserved for cards and the sidebar.
- The sidebar is always white (`#FFFFFF`) with hairline right border (`--color-border`), creating a clean separation from the off-white page.
- Status colors are strict — never repurpose success green for anything not confirming success.

3. Typography

Font Stack

```
Display / Greeting / Hero numbers:  "Sora"      (Google Fonts) – geometric, warm, modern
UI / Body / Navigation:              "DM Sans"   (Google Fonts) – neutral, readable, professional
Numbers / Amounts / Codes:          "DM Mono"   (Google Fonts) – monospaced, precise
```

Load via Google Fonts:

```
https://fonts.googleapis.com/css2?family=Sora:wght@400;500;600;700&family=DM+Sans:wght@400;500;600&family=DM+Mono:wght@400;500;600;700
```

Type Scale

```
--text-xs:    11px  lh:1.4  ls:+0.04em  → Badge labels, tiny captions
--text-sm:    13px  lh:1.5  ls:+0.01em  → Timestamps, secondary labels, nav sub-items
--text-base:  15px  lh:1.6  ls:0        → Body text, descriptions, table rows
--text-md:    17px  lh:1.5  ls:-0.01em  → Card titles, section subtitles
--text-lg:    20px  lh:1.4  ls:-0.02em  → Section headings
--text-xl:    24px  lh:1.3  ls:-0.02em  → Page titles
--text-2xl:   32px  lh:1.2  ls:-0.03em  → Greeting name, large metric
--text-3xl:   44px  lh:1.1  ls:-0.04em  → Hero earnings number
```

Font Weight Usage

```
DM Sans 400 → Descriptions, timestamps, secondary body text
DM Sans 500 → Nav items, card subtitles, table data
DM Sans 600 → Button labels, column headers, form labels
Sora 400    → Greeting subtitle ("Sunday, Feb 5 · 3 things need your attention")
Sora 600    → Card headings, section titles, priority banner title
Sora 700    → Greeting name ("Good morning, Sarah"), page titles
DM Mono 500 → All dollar amounts, counts, dates in timeline
DM Mono 700 → Hero earnings number, large KPI values
```

Critical Typography Rules

- The greeting "Good morning, [Name]" always uses **Sora 700**, **--text-2xl**, **--color-text-primary**
- All dollar amounts use **DM Mono** at whatever size they appear — this visually separates data from prose throughout the entire product

- Navigation items use **DM Sans 500, 14px, --color-text-secondary** for inactive, **DM Sans 600, 14px, --color-text-primary** for active
- Never use Sora for body text paragraphs — only for headings, the greeting, hero numbers, and card titles

4. Layout Architecture

Overall Structure

SIDEBAR (240px fixed)	MAIN CONTENT AREA
Logo	Breadcrumb bar (48px)
Search	
Navigation groups	Greeting header
	Stats bar
Project list	Priority banner
	Content grid
User avatar	

Sidebar

Width: 240px (fixed, does not scroll)
Background: #FFFFFF
Right border: 1px solid --color-border
Position: Fixed left, full viewport height

Main Content

Left offset: 240px
Background: --color-bg (#F8F8FA)
Padding: 0 (breadcrumb bar handles top, content sections handle their own padding)
Max content width: 1140px (centered within available space on large screens)
Content padding: 32px left/right, 28px top/bottom

Breadcrumb Bar

Height: 48px

Background: #FFFFFF

Bottom border: 1px solid --color-border

Padding: 0 32px

Content: Path like "My Deals > Samsung Campaign"

Font: DM Sans 400 13px, --color-text-muted

Active segment: DM Sans 500 13px, --color-text-primary

Separator: > character, --color-text-faint

Content Grid

12-column grid, 24px gutters

Primary layout split: 8 cols (main) + 4 cols (right panel)

Card gap: 20px

Section gap: 32px

5. Sidebar — Full Specification

Logo Area

Height: 56px

Padding: 0 20px

Content: 16px icon (brand violet, abstract interlocking shapes) + "DealHive" wordmark

Wordmark: Sora 700 16px, --color-text-primary

Bottom border: 1px --color-border

Search Bar

Margin: 12px 16px

Height: 34px

Background: --color-surface-2

Border: 1px solid --color-border

Radius: 8px

Left icon: Search icon 14px, --color-text-faint

Placeholder: "Search..." DM Sans 400 13px --color-text-muted

Right shortcut: "%K" pill — DM Mono 11px, --color-text-faint, border 1px --color-border, radius 4px
Focus: Border → --color-brand, background → white, shadow: 0 0 0 3px --color-brand-glow

Navigation Groups

Each group has a label and items beneath it.

Group label:

Padding: 20px 20px 6px
Font: DM Sans 600 11px, --color-text-muted, uppercase, letter-spacing 0.08em

Navigation item (inactive):

Height: 34px
Padding: 0 12px 0 20px
Radius: 8px (applied to item, with 8px horizontal margin from sidebar edges)
Icon: 16px Lucide, --color-text-muted, stroke 1.5px
Label: DM Sans 500 14px, --color-text-secondary
Count badge: Floats right — DM Sans 500 12px, --color-text-muted (for counts like "6 clients")
Chevron: Right-pointing 14px icon for expandable items, --color-text-faint
Hover: Background → --color-surface-2, icon → --color-text-secondary, label → --color-text-primary, 120ms ease

Navigation item (active):

Background: --color-brand-light
Icon: --color-brand
Label: DM Sans 600 14px, --color-brand
Left accent: 3px wide brand violet bar, full item height, flush with sidebar left edge (not the item's radius)

Expandable sub-items:

Padding-left: 48px (indented under parent)
Height: 30px
Font: DM Sans 400 13px, --color-text-muted
Active: DM Sans 500 13px, --color-brand
Expand animation: max-height 0 → auto, opacity 0 → 1, 200ms ease

Navigation groups for DealHive:

[No group label – top items]

Home (layout-dashboard icon)

Inbox (inbox icon) + unread count badge in brand violet pill

DEALS

My Deals (briefcase icon) + active deal count

Deal Pipeline (kanban icon)

BRANDS & MONEY

Brands (building-2 icon)

Contracts (file-check icon)

Payments (credit-card icon)

PROFILE

My Profile (user-circle icon)

Rate Benchmarks (bar-chart-2 icon)

Settings (settings icon)

Sidebar Project Section (below nav)

Label: "ACTIVE DEALS" – group label style

Items: Up to 5 most recent active deals, each showing:

- 8px color dot (deal stage color)
- Deal/brand name truncated, DM Sans 400 13px
- Hover: --color-surface-2 bg, show "→" on right

Overflow: "View all deals →" in brand violet 12px at bottom

Sidebar Footer

Height: 56px

Top border: 1px --color-border

Padding: 0 16px

Content:

Left: Avatar (28px circle, photo or initials in brand violet bg)

Name: DM Sans 500 13px --color-text-primary

Sub: Subscriber count – DM Mono 400 11px --color-text-muted

Right: Three-dot menu icon button (16px, --color-text-muted)

6. Dashboard Home Page — Full Specification

6.1 Greeting Header

Padding: 32px 32px 0

Greeting line:

"Good morning, [First Name] 🙌"

Font: Sora 700, --text-2xl (32px), --color-text-primary

Emoji: Wave emoji, same size, rendered natively

Subtitle line:

"[Day], [Date] · [N] things need your attention today"

Font: Sora 400, 15px, --color-text-muted

Dot separator: · character, --color-text-faint

The number N: DM Mono 500, --color-brand (slightly highlighted)

Margin-top: 6px

Time-based greeting logic: - 5am–11:59am → "Good morning" - 12pm–4:59pm → "Good afternoon" - 5pm–8:59pm → "Good evening" - 9pm–4:59am → "Hey, [Name]" (no emoji)

6.2 Stats Bar

Margin: 20px 32px 0

Height: 44px

Background: transparent

Display: Inline flex row, gap 32px

Separator: 1px vertical line --color-border between each stat, height 20px, self-centered

Each stat item:

Icon: 14px Lucide, --color-text-muted

Number: DM Mono 500 14px, --color-text-primary

Label: DM Sans 400 13px, --color-text-muted

Gap between icon+number+label: 6px

The 4 stats for DealHive dashboard:

```
[briefcase icon] 8 active deals
[inbox icon]      3 pitches waiting
[clock icon]      2 deadlines this week
[check icon]      5 shipped this month
```

6.3 Priority Banner

The single most important item on the page. Directly from the Zaga reference, adapted for DealHive.

```
Margin:      24px 32px 0
Padding:     16px 20px
Background:  --color-warning-bg
Border:       1px solid --color-warning-border
Border-left:  4px solid --color-warning (thick left accent)
Radius:      12px
```

Top row:

```
Left:  Star icon (16px, --color-warning) + "TOP PRIORITY TODAY"
       Font: DM Sans 600 11px, --color-warning, uppercase, ls 0.06em
Right: Deadline pill: clock icon + "Due in 4h 30m"
       Background: --color-warning, text: white
       Font: DM Mono 500 12px
       Radius: full pill
Gap between left and right: flex space-between
```

Content row (below top row, margin-top 8px):

```
Left:  Title: "Draft review: Samsung Galaxy sponsorship"
       Font: Sora 600 16px, --color-text-primary
       Sub: "Sarah owns · Integration Deal · Brand waiting on response"
       Font: DM Sans 400 13px, --color-text-muted
Right: "View Deal →" ghost button (brand violet, 13px, no border)
```

When no urgent items: Banner background changes to `--color-success-bg`, border to `--color-success-border`, left accent to `--color-success`, icon to checkmark, text reads "You're all caught up · No urgent items today"

6.4 Pinned & Recent Strip

Margin: 24px 32px 0

Section header:

Title: "Pinned & Recent" – DM Sans 600 15px, --color-text-primary
Subtitle: "Deals you opened recently" – DM Sans 400 13px, --color-text-muted
Margin-bottom: 12px

Item cards (horizontal scroll row):

Display: Flex row, gap 12px, overflow-x auto, no scrollbar visible
(scrollbar-width: none, -webkit-overflow-scrolling: touch)

Each card:

- Width: 200px, flex-shrink: 0
- Padding: 14px 16px
- Background: --color-surface
- Border: 1px solid --color-border
- Radius: 10px
- Shadow: --shadow-sm
- Hover: --shadow-md, border → --color-border-strong, 150ms ease

Top row: Deal stage color icon (20px square, rounded, colored bg matching stage) + brand name
Brand name: DM Sans 500 13px --color-text-primary

Middle: Deal title truncated – DM Sans 400 13px --color-text-muted, margin-top 4px

Bottom: "[Time] ago" timestamp – DM Mono 400 11px --color-text-faint, margin-top 8px

6.5 Main Content Grid

Margin: 24px 32px 0
Display: Grid, 12 columns, 20px gap

LEFT COLUMN (8/12 COLS): TODAY'S SCHEDULE

Section header:

```
Title:      "Today's Schedule" – Sora 600 17px, --color-text-primary
Subtitle: "[N] events · [Day], [Date]" – DM Sans 400 13px, --color-text-muted
Right:     "View all" link – DM Sans 500 13px, --color-brand
```

Schedule container:

```
Background: --color-surface
Border:      1px solid --color-border
Radius:      14px
Overflow:    hidden (for clean row rendering)
```

Each schedule row:

```
Height:      60px
Padding:      0 20px
Display:      Grid with columns: [time 56px] [accent 1px] [content auto] [tag right-aligned]
Hover:        Background → --color-surface-2, 100ms ease
Bottom border: 1px --color-border (except last row)

Time:         DM Mono 500 13px, --color-text-muted
Accent bar:   1px vertical line, height 28px, self-centered
              Color maps to row type (see below)

Content area:
  Title:      DM Sans 500 14px, --color-text-primary
  Subtitle:   DM Sans 400 12px, --color-text-muted – "Brand name · duration" or "Deal name · owner"
Tag (right):  Pill badge – small, 10px font, rounded
              "Draft Due" → warning color
              "Payment" → success color
              "Call" → info color
              "Deadline" → danger color
              "Review" → brand violet
```

Row type accent colors:

```
Draft deadline:  --color-warning
Payment due:     --color-success
Brand call/meeting: --color-info
Hard deadline:   --color-danger
Internal review:  --color-brand
```

"Add to schedule" row (last row):

Dashed border top replacing solid

Content: "+ Add event" – DM Sans 400 14px, --color-text-faint

Hover: text → --color-brand, background → --color-brand-light, 150ms

RIGHT COLUMN (4/12 COLS): TWO STACKED CARDS

Card 1 — Earnings Snapshot (Hero card):

Background: Gradient (135deg, #6C63FF → #8B78FF → #A78BFA)

Radius: 16px

Padding: 24px

Shadow: 0 8px 32px rgba(108, 99, 255, 0.30)

Top row:

Label: "Total Earnings" – DM Sans 500 12px, rgba(255,255,255,0.65), uppercase ls 0.06em

Icon: Trending-up icon 16px, rgba(255,255,255,0.65), floats right

Hero number:

Amount: DM Mono 700, --text-3xl (44px), white – e.g. "\$48,200"

Change: "↑ +\$3,400 this month" – DM Sans 400 12px, rgba(255,255,255,0.75), margin-top 4px

Sub-stats row (margin-top 20px):

Three pills side by side, flex row, gap 8px

Each pill:

Background: rgba(255,255,255,0.15)

Border: 1px solid rgba(255,255,255,0.20)

Radius: full pill

Padding: 6px 12px

Label: DM Sans 400 11px, rgba(255,255,255,0.65)

Value: DM Mono 500 13px, white

Pill 1: "This Month" → "\$6,400"

Pill 2: "Outstanding" → "\$2,100"

Pill 3: "Projected" → "\$9,800"

Card 2 — Recent Activity:

Background: --color-surface

Border: 1px solid --color-border

Radius: 14px

Shadow: --shadow-sm

Padding: 20px

Header:

Title: "Recent Activity" — DM Sans 600 15px, --color-text-primary

Subtitle: "What's moving today" — DM Sans 400 12px, --color-text-muted

Margin-bottom: 16px

Each activity row:

Height: 52px

Display: Flex, align-center, gap 12px

Bottom divider: 1px --color-border (not on last row)

Left: Avatar (30px circle) — brand's logo or initials in colored bg

Center: Primary text: "[Name] [action verb] [object]"

DM Sans 400 14px, --color-text-secondary

Bold spans: brand name and action verb in DM Sans 500 --color-text-primary

Time: DM Mono 400 11px, --color-text-faint, margin-top 2px

Right: Amount (if payment-related): DM Mono 600 13px

+ amounts: --color-success

- amounts: --color-danger

No amount: omit right column entirely

Sample rows:

"Lumen Health paid invoice" → +\$3,400 → 2h ago

"Samsung sent a deal pitch" → (no amount) → 4h ago

"Draft approved by Adobe" → (no amount) → Yesterday

"Contract signed — NordVPN" → \$5,000 → Yesterday

7. My Deals Page

Top Bar

Padding: 28px 32px 20px

Display: Flex, space-between, align-center

Left:

Title: "My Deals" — Sora 700 28px, --color-text-primary

Subtitle: "8 active · \$24,500 in pipeline" — DM Sans 400 14px --color-text-muted

Right:

View toggle: [Kanban] [List] — segmented control (see component spec)

Filter: "All Stages ▼" dropdown button (secondary style)
New Deal: Primary button "+ New Deal"

Kanban View

Overflow-x: Auto scroll

Display: Flex row, gap 16px

Padding: 0 32px 32px

Each column:

Width: 280px, flex-shrink: 0

Background: transparent

Column header:

Padding: 0 4px 12px

Stage name: DM Sans 600 13px, --color-text-primary, uppercase ls 0.04em

Count badge: DM Sans 500 12px, --color-text-muted, in neutral pill

Value sum: DM Mono 500 12px, --color-text-muted, right-aligned

Accent line: Full-width 2px line below header, color = deal stage color

Deal cards (inside columns):

Background: --color-surface

Border: 1px solid --color-border

Border-left: 3px solid [deal stage color]

Radius: 12px

Padding: 16px

Shadow: --shadow-sm

Hover: --shadow-md, 150ms ease

Gap: 10px between cards

Row 1: Brand favicon/logo (20px) + Brand name (DM Sans 500 14px) + Amount (DM Mono 600 14px right-aligned)

Row 2: Deal type tag + Stage badge – both small pills

Row 3: Compact progress bar (4px height, full width, brand violet fill)

Row 4: Clock icon + deadline text ("Draft in 3d" or "2d overdue" in danger red)

DM Sans 400 12px --color-text-muted, danger color if overdue

Add card (last in each column):

Border: 1px dashed --color-border

Background: transparent

Content: "+ Add deal" centered – DM Sans 400 14px, --color-text-faint

Hover: Border → --color-brand (dashed), text → --color-brand, bg → --color-brand-light

List View (table)

```
Background:  --color-surface
Border:      1px solid --color-border
Radius:      14px
Overflow:    hidden

Header row:
  Height:     40px
  Background: --color-surface-2
  Font:       DM Sans 600 11px, --color-text-muted, uppercase ls 0.06em
  Padding:    0 20px

Data rows:
  Height:     60px
  Padding:    0 20px
  Hover:      Background → --color-brand-light, 100ms
  Cursor:     pointer
  Divider:    1px --color-border bottom

Columns:
  Brand (logo + name): flex 2
  Deal Type:          flex 1.5 (badge)
  Stage:              flex 1.5 (status badge)
  Value:              flex 1 (DM Mono 600, right-aligned)
  Next Deadline:      flex 1.5 (DM Mono 400, colored if urgent)
  Actions:            flex 0.5 (icon buttons, show on row hover only)
```

8. Deal Room Page

Layout

```
Full bleed — no standard page padding.
Two panels: left 62%, right 38%, separated by 1px --color-border vertical line.
Both panels scroll independently.
```

Deal Room Header (fixed, 64px)

```
Background:    --color-surface
Bottom border: 1px --color-border
Padding:       0 24px
Display:       Flex, align-center, space-between

Left:
  Back arrow → "My Deals" – breadcrumb style
  Divider    |
  Brand logo (24px) + Brand name (DM Sans 600 16px) + Deal type badge

Center:
  Deal stage progress stepper (compact inline version)
  Shows current stage name in brand violet, adjacent stages in muted

Right:
  Deal value: DM Mono 700 20px, --color-text-primary
  Three-dot actions menu button
```

Left Panel — Working Area

Tab bar (below header):

```
Height:        44px
Padding:       0 24px
Border-bottom: 1px --color-border
Tabs:          [Messages] [Deliverables] [Term Sheet] [Contract]
Active tab:    DM Sans 600 14px, --color-brand, 2px brand violet bottom border
Inactive tab:  DM Sans 500 14px, --color-text-muted
Hover:        --color-text-secondary, 100ms
```

Messages tab:

```
Message area:  Scrollable, padding 20px 24px
Bottom bar:    Fixed, 64px, border-top 1px --color-border

Creator bubbles:
  Alignment:    Right
  Background:   --color-brand
  Text:         White, DM Sans 400 15px
  Radius:       16px 16px 4px 16px
```

Max-width: 72%
Shadow: 0 2px 8px rgba(108, 99, 255, 0.20)

Brand bubbles:

Alignment: Left
Background: --color-surface-2
Border: 1px --color-border
Text: --color-text-primary, DM Sans 400 15px
Radius: 16px 16px 16px 4px
Max-width: 72%

Timestamp cluster label:

Center-aligned, DM Mono 400 11px, --color-text-faint
Shown between message clusters (e.g. "Today · 2:34 PM")

File attachment bubble:

Background: --color-surface (inside any message)
Border: 1px --color-border
Radius: 10px
Content: File icon + filename + size, DM Sans 400 13px

Input bar:

Background: --color-surface
Input field: Full width, border 1px --color-border, radius 10px, 40px height
Left icons: Paperclip (attach), Image icons
Right: Send button – brand violet, 36px circle, arrow-up icon white

Deliverables tab: Each deliverable as a card row:

Padding: 16px 24px

Border-bottom: 1px --color-border

Left: Checkbox-style completion circle (brand violet when done, border when pending)
Deliverable name – DM Sans 500 15px --color-text-primary
Due date – DM Mono 400 12px --color-text-muted, danger color if overdue
Right: Upload button (secondary style, small) OR status badge if submitted/approved
If submitted: thumbnail preview (60px × 40px, rounded 6px) + "Review" link

Term Sheet tab:

Padding: 24px

Section header: "Agreed Terms" – Sora 600 17px

Each term row:

Height: 52px

Display: Grid, [term label 40%] [term value 60%]

Bottom border: 1px --color-border

Label: DM Sans 500 13px, --color-text-muted

Value: DM Sans 500 14px, --color-text-primary (or DM Mono for amounts/dates)

Edit icon: Pencil icon, 14px, appears on row hover, --color-text-faint → --color-brand

Agreement row (bottom, sticky):

Two "Agree to Terms" buttons – one for creator, one for brand

Each: half-width, outlined brand violet, becoming filled when clicked

When both agree: transforms into "Both parties agreed ✓" success state

Right Panel — Status Panel

Padding: 24px 20px

Background: --color-surface-2

Deal Overview card:

Background: --color-surface

Border: 1px solid --color-border

Radius: 12px

Padding: 20px

Margin-bottom: 16px

Stage badge: Large version, centered top

Deal title: Sora 600 16px, margin-top 12px

Created: DM Mono 400 12px, --color-text-muted

Brand contact: Avatar + name + email, 32px avatar, margin-top 16px

Key Dates card:

Background: --color-surface

Border: 1px solid --color-border

Radius: 12px

Padding: 20px

Margin-bottom: 16px

Header: "Key Dates" – DM Sans 600 15px

Each milestone row:

- Left: Circle icon (12px) – filled if passed, outlined if upcoming
Connected by dashed vertical line to next milestone
- Center: Milestone name (DM Sans 500 13px) + date (DM Mono 400 12px muted)
- Right: Countdown – "in 4d" normal / "2d overdue" danger red

Milestones: Script Due → Draft Due → Post Date → Payment Due

Payment card:

Background: --color-surface

Border: 1px solid --color-border

Radius: 12px

Padding: 20px

Amount: DM Mono 700 28px, --color-text-primary

Due date: DM Sans 400 13px, --color-text-muted

Status badge: Large, centered

States:

- Pending invoice: "Send Invoice" primary button, full width
- Invoice sent: "Invoice Sent" success state + "Resend reminder" ghost link
- Paid: Green checkmark + "Paid on [date]" + Download receipt link
- Overdue: Danger banner + "Send overdue notice" danger button

9. Core Component Specifications

Buttons

Primary:

- Background: --color-brand
- Text: White, DM Sans 600 14px
- Padding: 10px 20px
- Radius: 9px
- Shadow: 0 4px 14px rgba(108, 99, 255, 0.30)
- Hover: --color-brand-dark, translateY(-1px), shadow intensifies
- Active: translateY(0), shadow reduces

Secondary:

Background: --color-surface
Border: 1px solid --color-border-strong
Text: --color-text-primary, DM Sans 500 14px
Hover: Background → --color-surface-2, border → --color-brand

Ghost:

Background: transparent
Text: --color-brand, DM Sans 500 14px
Hover: Background → --color-brand-light

Danger:

Background: --color-danger
Text: White
Shadow: 0 4px 14px rgba(220, 38, 38, 0.25)

Small variant: Padding 7px 14px, font-size 13px, radius 7px

Large variant: Padding 13px 28px, font-size 15px, radius 11px

Status Badges

Structure: [• dot 6px] [Label text]
Padding: 4px 10px
Radius: full pill
Font: DM Sans 500 11px, uppercase, ls 0.03em

Completed: bg --color-success-bg, text --color-success, border --color-success-border

Pending: bg --color-warning-bg, text --color-warning, border --color-warning-border

Overdue: bg --color-danger-bg, text --color-danger, border --color-danger-border

Active: bg --color-info-bg, text --color-info, border --color-info-border

Contracted: bg --color-brand-light, text --color-brand, border rgba(108,99,255,0.25)

Draft: bg --color-neutral-bg, text --color-neutral, border --color-neutral-border

Cards

Standard:

Background: --color-surface
Border: 1px solid --color-border
Radius: 14px
Padding: 24px
Shadow: 0 1px 4px rgba(17,24,39,0.06)
Hover: Shadow → 0 4px 16px rgba(17,24,39,0.09), border → --color-border-strong, 150ms ease

Inset / secondary:

Background: --color-surface-2
Border: 1px solid --color-border
Radius: 10px
Padding: 16px
No shadow

Input Fields

Height: 40px
Background: --color-surface
Border: 1px solid --color-border
Radius: 9px
Padding: 0 12px
Font: DM Sans 400 14px, --color-text-primary
Placeholder: --color-text-faint

Focus:

Border: --color-brand
Shadow: 0 0 0 3px rgba(108, 99, 255, 0.14)

Error:

Border: --color-danger
Shadow: 0 0 0 3px rgba(220, 38, 38, 0.12)

With prefix icon: Padding-left 36px, icon 16px at 12px left, --color-text-muted

Segmented Control (view toggle)

Background: --color-surface-2
Border: 1px solid --color-border
Radius: 9px
Padding: 3px

Each segment:

Padding: 6px 14px
Font: DM Sans 500 13px
Radius: 7px
Inactive: --color-text-muted, transparent bg
Active: --color-text-primary, --color-surface bg, shadow --shadow-sm
Transition: 150ms ease (sliding active indicator)

Dropdown Menu

```
Background:    --color-surface
Border:        1px solid --color-border
Radius:        11px
Shadow:        --shadow-xl
Padding:       6px
Min-width:     200px
Animation:     opacity 0→1 + translateY(-6px)→0, 150ms ease-out

Each item:
  Height:      34px
  Padding:     0 12px
  Radius:      7px
  Font:        DM Sans 400 14px, --color-text-secondary
  Icon:        16px Lucide, --color-text-muted, 8px gap before label
  Hover:       Background → --color-surface-2, text → --color-text-primary
```

Divider between groups: 1px --color-border, 4px vertical margin

```
Danger item:
  Text:        --color-danger
  Icon:        --color-danger
  Hover bg:    --color-danger-bg
```

Modal

```
Overlay:       rgba(17, 24, 39, 0.45), backdrop-blur 6px
Card:          --color-surface, --radius-xl (20px), --shadow-xl
               Max-width 540px standard / 760px wide
               Padding 28px
Animation:     scale 0.95→1 + opacity 0→1, 200ms cubic-bezier(0.34, 1.56, 0.64, 1)

Header:
  Title:       Sora 600 20px, --color-text-primary
  Close button: Top-right, icon button style
  Margin-bottom: 20px

Divider:       1px --color-border

Footer:
  Margin-top:  24px
  Alignment:   Right
```

Gap: 10px
Order: [Cancel/Secondary] [Primary Action]

Deal Stage Progress Stepper

Full version (Deal Room header):

Display: Flex row, justified, 400px wide

Each node:

Completed: 20px filled brand violet circle + checkmark icon white

Current: 24px filled brand violet circle + pulsing ring (box-shadow animate brand glow)

Stage name below: DM Sans 600 11px, --color-brand

Future: 20px circle, 1.5px border --color-border-strong, transparent fill

Stage name below: DM Sans 400 11px, --color-text-faint

Connecting line: 2px height between nodes

Completed segments: --color-brand

Future segments: --color-border

Compact version (deal cards):

Height: 4px

Radius: full

Background: --color-border

Fill: --color-brand (width = stage% / 9 * 100%)

Transition: width 400ms ease when stage changes

10. Shadow System

```
--shadow-sm: 0 1px 3px rgba(17,24,39,0.07), 0 1px 2px rgba(17,24,39,0.04)
--shadow-md: 0 4px 12px rgba(17,24,39,0.09), 0 2px 4px rgba(17,24,39,0.04)
--shadow-lg: 0 8px 24px rgba(17,24,39,0.10), 0 4px 8px rgba(17,24,39,0.04)
--shadow-xl: 0 16px 48px rgba(17,24,39,0.13), 0 8px 16px rgba(17,24,39,0.06)
--shadow-brand: 0 4px 14px rgba(108, 99, 255, 0.30)
--shadow-focus: 0 0 0 3px rgba(108, 99, 255, 0.14)
```

11. Border Radius Reference

```
--radius-xs:    5px    → Small tags, tiny badges
--radius-sm:    7px    → Buttons small, input fields
--radius-md:    9px    → Standard buttons, inputs
--radius-lg:    12px   → Deal cards, dropdowns, small cards
--radius-xl:    14px   → Standard content cards
--radius-2xl:   20px   → Modals, large feature cards
--radius-full:  9999px → Pills, avatars, toggles
```

12. Motion & Animation System

Timing

```
Snap:      0ms    → Toggle, checkbox
Instant:   100ms  → Button press, icon swap
Fast:      150ms  → Hover states, dropdown reveal
Standard:  200ms  → Modal, panel transitions
Deliberate: 300ms → Page section entry, accordion
Slow:      500ms  → Chart drawing, progress bar fill
```

Easing Curves

```
ease-out:   cubic-bezier(0.0, 0.0, 0.2, 1)    → Elements entering view
ease-in:    cubic-bezier(0.4, 0.0, 1, 1)      → Elements leaving view
ease-in-out: cubic-bezier(0.4, 0.0, 0.2, 1)    → Hover transitions
spring:     cubic-bezier(0.34, 1.56, 0.64, 1) → Modals, popups (slight overshoot)
```

Key Animations

Dashboard load sequence (staggered):

```
0ms:    Sidebar slides in from left (translateX(-16px) → 0, opacity 0→1, 200ms ease-out)
80ms:   Greeting header fades up (translateY(12px)→0, opacity 0→1, 250ms ease-out)
160ms:  Stats bar fades up (same, 250ms)
240ms:  Priority banner fades up (same, 250ms)
320ms:  Pinned strip fades up (same, 250ms)
400ms:  Left column content fades up (same, 300ms)
```

440ms: Right column content fades up (same, 300ms)
600ms: Numbers count up from 0 → final value (DM Mono counter animation, 600ms ease-out)
700ms: Hero earnings number counts up (800ms ease-out)

Priority banner entrance:

Slides in from left (translateX(-20px)→0) + opacity 0→1
300ms ease-out
Left accent bar grows from height 0 → full height after card appears (200ms delay, 200ms ease-out)

Deal stage advancement:

Progress bar fill: width animates from current% to new%, 500ms ease-out
Newly completed node: scale 0→1.15→1, opacity 0→1, checkmark draws in, 300ms spring
Stage name update: old text fades out 100ms, new text fades in 150ms with translateY(-4px)→0

Kanban card drag:

Picked up: scale 1→1.03, shadow increases to --shadow-xl, rotate 1.5deg, 150ms ease
Drop zone: background pulses to --color-brand-light, border → --color-brand dashed
Other cards: animate gap to accommodate dragged card position, 150ms ease
Drop: scale 1.03→1, rotate 1.5→0, shadow normalizes, 200ms spring

New message in Deal Room:

Creator's own message: slides up from input (translateY(20px)→0) + opacity 0→1, 200ms ease-out
Incoming message: same animation from left (translateX(-12px)→0), 200ms ease-out

Number counters on dashboard load: - All DM Mono numbers count from 0 to final value -
Duration: 700ms - Easing: ease-out (decelerates as it reaches target) - Start after 600ms initial delay (after layout is visible)

13. Responsive Behavior

Breakpoints

xl: 1280px+ Full layout as specified
lg: 1024px Sidebar collapses to icons only (64px), main content expands

md: 768px Sidebar becomes slide-over drawer, bottom nav appears
sm: < 768px Full mobile layout

Mobile Adaptations

Bottom navigation bar:

Height: 56px
Background: --color-surface
Top border: 1px --color-border
5 tabs: Home / Deals / Inbox / Payments / Profile
Active: Brand violet icon + label
Inactive: Muted icon, no label

Cards: Full width, stack vertically, reduced padding (16px)
Tables: Collapse to card list view
Kanban: Horizontal scroll, single column visible with peek of next
Deal Room: Single panel, [Messages] [Status] toggle tabs at top
Modals: Bottom sheet (slides up from bottom), 100% width, border-radius top only

14. Empty States

My Deals (no deals):

Centered in content area
Illustration: SVG abstract – two interlocking geometric shapes (brand violet + light tones)
Heading: "Your first deal starts here" – Sora 600 20px
Body: "Create a deal manually or share your profile link to receive brand pitches."
DM Sans 400 15px, --color-text-muted, max-width 360px centered
CTA: "Create Your First Deal" – primary button
Secondary CTA: "Share my profile →" ghost link below

Inbox (no pitches):

Heading: "No pitches yet"
Body: "Make your profile public so brands can find and pitch you."
CTA: "View My Profile" – secondary button

Payments (no history):

```
Heading: "No payment history"
Body:    "Completed deal payments will appear here."
No CTA
```

Schedule (no events today):

```
Inline empty state inside the schedule card
Dashed border box, centered text: "Nothing scheduled today"
DM Sans 400 14px, --color-text-faint
```

15. What NOT to Build

Avoid these patterns — they make the product look generic:

- No pure white page backgrounds. Always `--color-bg` (#F8F8FA) for pages, white for cards only
- No purple gradients on white card backgrounds — gradient only on the hero earnings card
- No Inter or Roboto fonts — use Sora + DM Sans + DM Mono as specified
- No flat cards without shadows — every card has at least `--shadow-sm`
- No all-caps navigation — sentence case throughout except group labels
- No red notification dots — use brand violet badge style
- No generic gray skeleton loaders — use shimmer sweep animation
- No pie charts — use bar charts, line charts, and progress bars
- No centered loading spinners on full pages — use skeleton layouts that match the real page structure
- No table rows without hover states
- No form without proper focus states (the 3px brand glow ring on every focused input)
- No modal without backdrop blur

This document is the complete design source of truth for DealHive v2.0. Structure based on: Zaga dashboard reference. Financial and visual layer based on: Nova wealth dashboard reference. All deviations from these references are documented above.

Version 2.0 — May 2026
